MEETING WITH THE PRESIDENT

Item 6. President's Meeting with the Consultants

The President expressed a strong desire to delay this meeting until I return.

The President asked me to consider a CIA report with the following numbers on it: CIA 24739 No. 1135, which refers to statements by Bevin on the Japanese peace treaty. There is a telegram from Douglas of November 4, no. 4419, on the same subject. He also directed my attention to a CIA report setting forth to make to the United States regarding spheres of influence in Asia and Europe.

It might be well to look this matter up.
